In contrast to an illegal substitute, an unreported substitute is a player that could legally occupy the position they are in the lineup but has simply failed to report that they are entering the game. All substitutions and courtesy runners are required to be reported to the plate umpire upon entering the game. When a player enters the game unreported, a warning is issued to the head coach. Any subsequent violation results in both the head coach and player being restricted to the dugout for the remainder of the game.
